

2025 SPRING EVENT BREAKOUT SESSIONS

Cages, Cutters & Coils, Oh My!

presented by Ann Larson & Kathy Struck, SDSU Extension Master Gardener & SDSU Master Gardener Intern.

DIY ultimate tomato cage; sturdy, tall enough, wide enough, attractive, storable, long-lasting. DITTO for pepper cages.

Don't Buy New Geraniums Every Year!

presented by Debi Ulrey-Crosby & Kim Soldatke, SDSU Extension Master Gardener & SDSU Master Gardener Intern

Do you purchase and grow beautiful geraniums, only to let them die and buy again next year? Well, STOP tossing them and learn how to propagate and overwinter for next year.

Growing Your Gardening Knowledge

presented by Jerry Mills & Michelle Spader, SDSU Extension Master Gardener & SDSU Extension Master Gardener Intern

Come discover the exciting things the Minnehaha Master Gardeners are offering at the Arboretum. View pictures of the newly established Teaching Garden and learn about the educational tours and classes for 2025.

Growing Up with Vertical Gardening

presented by Mary Lerssen & Kelly Metz, SDSU Extension Master Gardener & SDSU Extension Master Gardener Intern

Join us for a discussion/power point on vertical gardening to maximize space, provide privacy, increase visual interest and productivity. Samples of useable items for vertical gardening will be on display.

Blueprinting with Plants

presented by Catherine Jones, McCrory Gardens.

Create blueprinted designs using a cyanotype process invented in the 1800s! You can create beautiful designs in your own home by simply placing leaves, flowers, and other materials on specially treated paper and exposing them to sunlight.

New Plant Varieties for 2025 at McCrory Gardens

presented by Sydney Trio, McCrory Gardens.

Did you know that McCrory Gardens plants over 40,000 plants each year? Supporting our mission of "Connecting People and Plants through Education, Discovery, Research, and Enjoyment of the Natural and Built Landscape," we grow and test new varieties each year. Join in and learn about what new plants will be growing in 2025!
